

Artisan wood fired pizza makes a great party; it's also a bit different from the norm. The magic of a real wood fire captivates guests and adds an element of theatre to your event. But ultimately it involves no work or stress and leaves **YOU** to enjoy the party.

Our pizzas are cooked to order and handmade in front of your guest's eyes in a *real* wood fired oven. The menu is made up of our tried and tested favourites, and we also have a gourmet pizza menu to tempt you with. We can cook 4 at a time, each one taking 45 - 90 seconds to cook once in the oven.
